INDEX OF AUTHORS AND SUBJECTS

A

Acne rosacea with Alzheimer's disease in one of identical twins, 72
Agnosia for colours with impaired identification of faces and places due to cerebral embolism, 218
ALEXANDER, G. L., *see* DUTTON, J. E. M., and ALEXANDER, G. L.
Alzheimer's disease with acne rosacea in one of identical twins, 72
Anxiety and an autonomic reaction to pain, 155
Argyrophile bodies in human spinal cord, 13
Artery, internal carotid, thrombosis of, head injury as cause of, 293

B

Babinski response ; review and new observations, 250
Basilar impression, 58
Basophilia of nerve cells, variations in, associated with increased cell activity and functional stress, 1
BECK, E., *see* MEYER, A., BECK, E., and SHEPHERD, M.
Blood-cerebrospinal fluid barrier in tuberculous meningitis and allied conditions, 237
BOGAERT, L. VAN, and others : Encephalitis in *Loa-loa* filariasis, 103
Books Received :
ALDRICH, C. K. : Psychiatry for the family physician, 1955, 320
BASH, K. W. : Lehrbuch der allgemeinen Psychopathologie, 1955, 320
CONEL, J. LEROY : The postnatal development of the human cerebral cortex, Vol. V., 1955, 320
CURRAN, D., and PARTRIDGE, M. : Psychological medicine, 1955, 320
ECKER, A., and RIEMENSCHNEIDER, P. A. : Angiographic localization of intracranial masses, 1955, 236
ETTER, L. E. : Atlas of roentgen anatomy of the skull, 1955, 320
FAUST, C. : Die zerebralen Herdstörungen, 1955, 320
FEREY, D. : Traumatismes du crâne, 1955, 236
FREUD, S. : The interpretation of dreams, 1955, 236
GANGERELLI, J. A., and Kirkner, F. J., *eds.* : The psychological variables in human cancer, 1955, 164
GLEES, P. : Neuroglia morphology and function, 1955, 236
HARMS, E. : Essentials of abnormal child psychology, 1954, 164
HAUSMAN, L. : Atlas of consecutive stages in the reconstruction of the nervous system, 1953, 236
——— : Atlases of the spinal cord, 1954, 236
HESS, W. R. : Diencephalon, 1955, 164
HILL, L. B. : Psychotherapeutic intervention in schizophrenia, 1955, 236
J.A.M.A. : Clinical abstracts of diagnosis and treatment, 1955, 320
JERSILD, A. T. : Child psychology, 1955, 164
JONES, L. : The postural complex, 1955, 320
KAHN, E. A., and others : Correlative neurosurgery, 1955, 164
KING, N. E. : Psychomotor aspects of mental disease, 1955, 164
KÖRNYEY, S. : Histopathologie und Klinische Symptomatologie der Anoxisch-Vasalen Hirnschädigungen, 1955, 320
LARGHERO, P. : Hématomes intracraniens d'origine traumatique, 1955, 236
Lectures on the scientific basis of medicine, Vol. III, 236
MCILWAIN, H. : Biochemistry and the central nervous system, 1955, 320
Manchester Nursing Survey : The work of the mental nurse, 1955, 236
MORGAN, J. J. B., and LOVELL, G. D. : The psychology of abnormal people, 320
Neurocirurgia, Vol. X, 1954, 164
O'NEILL, D. : Modern trends in psychosomatic medicine, 1955, 164
PODOLSKY, E. : Management of addiction, 1955, 236
PRICK, J. J. G., SMITT, M. G. S., and MULLER, L. : Thallium poisoning, 1955, 320
RAMÓN Y CAJAL, S. : Studies on the cerebral cortex, 1955, 320
SCHNEIDER, K. : Klinische Psychopathologie, 1955, 236
SCHULTZ, J. H. : Grundfragen der Neurosenlehre, 1955, 236
SHEDLOVSKY, T., *ed.* : Electrochemistry in biology and medicine, 1955, 320
STALLWORTHY, K. R. : Manual of psychiatry, 3rd ed., 1955, 320
VALENTINE, M. : An introduction to psychiatry, 1955 236
WEST, D. J. : Homosexuality, 1955, 236
W.H.O. : Alcohol and alcoholism, 1955, 320
——— : Legislation affecting psychiatric treatment, 1955, 320

Books Reviewed :
ANGEL, J.-M., and PEILLET, F. : La therapeutique par le sommeil, 1953, 319
A.R.N.M.D. : Genetics and the inheritance of integrated neurological and psychiatric patterns, 1954, 318
BAKER, A. B., *ed.* : Clinical neurology, 1955, 314
BECK, S. J. : The six schizophrenias, 1954, 319
BOBON, J. : Introduction historique à l'étude des néologismes et des glossolalies en psychopathologie, 1952, 231
BREIG, A. : Integration Linearer Kutaner Schmerzreize, 1953, 78
BROCHER, J. E. W. : Die Occipito-Cervical-Gegend, 1955, 317
Clinical neurosurgery, Vol. I, 1955, 316

DAVIDOFF, L. M., and EPSTEIN, B. S. : The abnormal pneumoencephalogram, 2nd ed., 1955, 317
DELAFRESNAYE, J. E., *ed.* : Brain mechanisms and consciousness, 1954, 312
EKBLAD, M. : Induced abortion on psychiatric grounds, 1955, 320
ELLIOTT, H. C. : Textbook of the nervous system, 2nd ed., 1954, 317
ELSTE, E. R. : Die Ursachen der Kinderlahmung und Verwandter Krankheitszustande, 1954, 315
EY, H. : Études psychiatriques, 1954, 318
FREUD, S. : On aphasia, 1953, 163
——— : The origins of psychoanalysis, 1954, 232
GORDIN, R. : The epileptic cramp attack as a psychosomatic reaction, 1953, 78
GREENBLATT, M., and SOLOMON, H. C. : Frontal lobes and schizophrenia, 1954, 233
GRUHLE, H. W. : Verstehen und Einfühlen, 1953, 230
HARMS, E. : Essentials of abnormal child psychology, 1954, 235
HESS, W. : Diencephalon, 1954, 229
HUGHES, B. : The visual fields, 1954, 314
JANSEN, J., and BRODAL, A. : Aspects of cerebellar anatomy, 233
KALLMANN, F. J. : Heredity in health and mental disorder, 1953, 235
KOUPERNIK, C. : Développement psycho-moteur du premier age, 1954, 235
KRIEG, W. J. S. : Connections of the frontal cortex of the monkey, 1954, 234
LARSSON, T., and SJOGREN, T. : A methodological, psychiatric and statistical study of a large Swedish rural population, 1954, 236
LASSEK, A. M. : The pyramidal tract, 1954, 314
LIVINGSTON, S. : The diagnosis and treatment of convulsive disorders in children, 1954, 234
LOB, A. : Die Wirbelsäulen-Verletzungen und ihre Ausheilung, 1954, 234
LOEPP, W., and LORENZ, R. : Röntgendiagnostik des Schädels, 1954, 230
LOWENFELD, M. : The Lowenfeld mosaic test, 1954, 320
LUPS, S., and HAAN, A. M. F. H. : The cerebrospinal fluid, 1954, 232
MCALPINE, D., COMPSTON, N. D., and LUMSDEN, C. E. : Multiple sclerosis, 1955, 163
MAYER-GROSS, W., and others : Clinical psychiatry, 1954, 230
M.R.C. : Peripheral nerve injuries, 1954, 231
MERRITT, H. H. : Textbook of neurology, 1955, 313
MEYER, A., and BECK, E. : Prefrontal leucotomy and related operations, 1954, 228
MINZ, B. : The role of humoral agents in nervous activity, 1955, 228
MONRAD-KROHN, G. H. : The clinical examination of the nervous system, 10th ed., 1954, 314
MOORE, S. : Hyperostosis cranii, 1955, 317
MORIN, G. : Physiologie du système nerveux central, 2nd ed., 1955, 317
MURPHY, P. : Cerebrovascular disease, 1954, 233
NIGST, H. : Die Chirurgie der peripheren Nerven, 1955, 316
NURNBERGER, J. I., and KOREY, S. R. : Pituitary chromophobe adenomas, 1953, 315
PENMAN, J., and SMITH, M. C. : Intracranial gliomata, 1954, 229
PERRY, J. W. : The self in psychotic process, 1954, 319
Proceedings of the Third Medical Conference of Muscular Dystrophy Association of America, 1955, 315
REISCHAUER, F., *ed.* : Die Cervikalen Vertebral-Syndrome, 1955, 315
ROBINSON, M. F., and FREEMAN, W. : Psychosurgery and the self, 1954, 318
RUBINSTEIN, H. S. : The study of the brain, 1953, 233
SACHS, E. : The history and development of neurological surgery, 1953, 232
SARGANT, W., and SLATER, E. : An introduction to physical methods of treatment in psychiatry, 1954, 228
SINGER, M., and YAKOVLEV, P. I. : The human brain in sagittal section, 1955, 317
SKOTTOWE, I. : Clinical psychiatry for practitioners and students, 1953, 78
STOTT, C. P., and FISCHER-WILLIAMS, M. : The management of acute poliomyelitis, 1955, 315
TOW, P. M. : Personality changes following frontal leucotomy, 1955, 318
WALSHE, F. M. R. : Diseases of the nervous system, 8th ed., 1955, 313
WHITE, J. C., and SWEET, W. H. : Pain, 1955, 316
WILSON, S. A. K. : Neurology, 2nd ed., 1954, 313
WITTKOWER, E., and CLEGHORN, R. A., *eds.* : Recent developments in psychosomatic medicine, 1954, 235
Brain atrophy, radiologically demonstrated, association of dementia with, 129
——— damage, perceptual maze test sensitive to, preliminary report on, 287
——— embolism, impaired identification of faces and places and agnosia for colours due to, 218
——— lesions, ischaemic sensory loss in patients with, 145
——— ———, unusually severe, following status epilepticus, 24
——— tumours, electroencephalogram in, 68

C

Carotid artery, internal, thrombosis of, head injury as cause of, 293
Cerebellar cortex, diffuse hypertrophy of, 199
Cerebellum, " benign " tumour of, 199
Cerebral atrophy, radiologically demonstrated, association of dementia with, 129
——— embolism, impaired identification of faces and places and agnosia for colours due to, 218
——— lesions, ischaemic sensory loss in patients with, 145
——— tumours, electroencephalogram in, 68
Choroid plexus papilloma causing spontaneous subarachnoid haemorrhage, 134
COOPER, R., *see* PAMPIGLIONE, G., and COOPER, R.
COWAN, W. M., and POWELL, T. P. S. : The projection of the midline and intralaminar nuclei of the thalamus of the rabbit, 266
CROME, L. : Morphological nervous changes in survivors of severe jaundice of newborn, 17
CROSSKEY, M. A., *see* ELITHORN, A., PIERCY, M. F., and CROSSKEY, M. A.
———, *see also* PIERCY, M., and others
Cutaneous thermal stimuli, reaction time to, 120

D

DAVIDSON, E. A., and ROBERTSON, E. E. : Alzheimer's disease with acne rosacea in one of identical twins, 72
Dehydroisoandrosterone in psychiatric practice, 137
Dementia, association of, with radiologically demonstrated cerebral atrophy, 129

DEWHURST, K., and PEARSON, J.: Visual hallucinations of the self in organic disease, 53
DUBOIS, A., *see* BOGAERT, L. VAN, and others
DUTTON, J. E. M., and ALEXANDER, G. L.: Chronic proliferative osteitis of skull, 125
Dysphasia following right temporal lobectomy in right-handed man, 214

E

EINARSON, L., and KROGH, E.: Variations in basophilia of nerve cells associated with increased cell activity and functional stress, 1
Electrode holder for direct encephalography with its own sterilizing cabinet, 310
Electroencephalogram in cerebral tumours, 68
Electroplexy, non-specific effects of, 280
ELITHORN, A.: Preliminary report on a perceptual maze test sensitive to brain damage, 287
———, PIERCY, M. F., and CROSSKEY, M. A.: Prefrontal leucotomy and the anticipation of pain, 34
———, *see also* PIERCY, M., and others
Encephalitis in *Loa-loa* filariasis, 103
Encephalography, direct, electrode holder for, with its own sterilizing cabinet, 310
Epilepsy, psychomotor, temporal lobectomy for, intellectual changes following, 44
———, traumatic. Part 3: Visual fits, 79
Epilepticus, status, unusually severe lesions in brain following, 24
ERNSTING, J.: Choroid plexus papilloma causing spontaneous subarachnoid haemorrhage, 134
ETTLINGER, G., JACKSON, C. V., and ZANGWILL, O. L. Dysphasia following right temporal lobectomy in a right-handed man, 214

F

Filariasis, *Loa-loa*, encephalitis in, 103
Fits, visual, 79
FORSYTHE, W. I.: Congenital hereditary vertical nystagmus, 196
Friedreich's disease, peroneal muscular atrophy, and schizophrenia, report of family suffering from, 297

G

GILLIATT, R. W.: Ischaemic sensory loss in patients with spinal and cerebral lesions, 145
GLYNN, J. D.: *Rauwolfia serpentina* in psychiatry, 225
GOSLING, R. H.: Association of dementia with radiologically demonstrated cerebral atrophy, 129

H

Hallucinations of self, visual, in organic disease, 53
Head injury as cause of internal carotid thrombosis, 293
HUNTER, G., *see* SMITH, H. V., TAYLOR, L. M., and Hunter, G.
HURST, E. W.: The pathological effects produced by sera of animals immunized with foreign nervous or splenic tissue. Part I: Intracisternal injection, 174. Part II: Intra-arterial injection, 260
Hyperreflexia due to hypothermia, 191
Hypothermia, accommodation of peripheral nerve in, 191
———, muscular rigidity and hyperreflexia due to, 191

I

Identification of faces and places, impaired, with agnosia for colours due to cerebral embolism, 218
Insulin, non-specific effects of, 280
Ischaemic sensory loss in patients with spinal and cerebral lesions, 145

J

JACKSON, C. V., *see* ETTLINGER, G., JACKSON, C. V., and ZANGWILL, O. L.
JANSSENS, P. G., *see* BOGAERT, L. VAN, and others
Jaundice, severe, of newborn, morphological nervous changes in survivors of, 17
JEFFERSON, A.: Localized enlargement of spinal canal in absence of tumour, 305

K

KROGH, E., *see* EINARSON, L., and KROGH, E.

L

LELE, P., and SINCLAIR, D. C.: Observations on reaction time to cutaneous thermal stimuli, 120
Leucotomy, prefrontal, and the anticipation of pain, 34
Loa-loa filariasis, encephalitis in, 103
Lobectomy, temporal, for psychomotor epilepsy, intellectual changes following, 44
——— ———, right, in right-handed man, dysphasia following, 214

M

MARLEY, E.: Non-specific effects of insulin and electroplexy, 280
Meningitis, tuberculous and allied conditions, blood-cerebrospinal fluid barrier in, 237
——— ———, of acute onset, 165
MEYER, A., BECK, E., and SHEPHERD, M.: Unusually severe lesions in brain following status epilepticus, 24
MEYER, V., and YATES, A. J.: Intellectual changes following temporal lobectomy for psychomotor epilepsy, 44
MILLAR, J. H. D.: Some observations on electroencephalogram in cerebral tumours, 68
MILLEN, J. W., *see* WOOLLAM, D. H. M., and MILLEN, J. W.
Muscular atrophy, peroneal, Friedreich's disease, and schizophrenia, report of family suffering from, 297
——— rigidity and hyperreflexia due to hypothermia, 191

N

NATHAN, P. W., and SMITH, M. C.: The Babinski response, 250
———, ———: Spino-cortical fibres in man, 181
Nerve cells, variations in basophilia in, associated with increased cell activity and functional stress, 1
Neurotoxic properties, animal sera with, pathological effects produced by injection of. Part I: Intracisternal injection, 174. Part II: Intra-arterial injection, 260
Nystagmus, congenital hereditary vertical, 196

O

OPPENHEIMER, D. R.: Benign "tumour" of the cerebellum, 199
Organic disease, visual hallucinations of self in, 53
Osteitis, chronic proliferative, of skull, 125

P

Pain, anticipation of, prefrontal leucotomy and, 34
———, autonomic reaction to, and anxiety, 155
PALLIS, C. A.: Impaired identification of faces and places with agnosia for colours, 218

PAMPIGLIONE, G., and COOPER, R. : Electrode holder for direct encephalography with its own sterilizing cabinet, 310
Papilloma, choroid plexus, causing spontaneous subarachnoid haemorrhage, 134
PEARSON, J., *see* DEWHURST, K., and PEARSON, J.
Perceptual maze test sensitive to brain damage, preliminary report on, 287
Peripheral nerve, accommodation of, in hypothermia, 191
PHILLIPS, D. G. : Basilar impression, 58
PIERCY, M., and others : Anxiety and an autonomic reaction to pain, 155
———, *see also* ELITHORN, A., PIERCY, M. F., and CROSSKEY, M. A.
POWELL, T. P. S., *see* COWAN, W. M., and POWELL, T. P. S.
PRATT, R. T. C., *see* PIERCY, M., and others

R

RADERMECKER, J., *see* BOGAERT, L. VAN, and others
Rauwolfia serpentina in psychiatry, 225
Rh sensitization, morphological nervous changes in surviving cases of, 17
ROBERTSON, E. E., *see* DAVIDSON, E. A., and ROBERTSON, E. E.
RUSSELL, W. R., and WHITTY, C. W. M. : Studies in traumatic epilepsy. Part 3 : Visual fits, 79

S

Schizophrenia, Friedreich's disease, and peroneal muscular atrophy, report of family suffering from, 297
SEDZIMIR, C. B. : Head injury as cause of internal carotid thrombosis, 293
Sera of animals immunized with foreign nervous or splenic tissue, pathological effects produced by. Part I : Intracisternal injection, 174. Part II : Intra-arterial injection, 260
Serpasil in psychiatry, 225
SHEPHERD, M. : Report of family suffering from Friedreich's disease, peroneal muscular atrophy, and schizophrenia, 297
———, *see also* MEYER, A., BECK, E., and SHEPHERD, M.
SIMPSON, J. A. : On the muscular rigidity and hyperreflexia due to hypothermia in man with observations on the accommodation of peripheral nerve, 191
SINCLAIR, D. C., *see* LELE, P., and SINCLAIR, D. C.
Skull, chronic proliferative osteitis of, 125
SMITH, H. V., TAYLOR, L. M., and HUNTER, G. : The blood-cerebrospinal fluid barrier in tuberculous meningitis and allied conditions, 237
SMITH, H. V. *see also* TAYLOR, K. B., SMITH, H. V., and VOLLUM, R. L.
SMITH, M. C. : Argyrophile bodies in human spinal cord, 13
———, *see also* NATHAN, P. W., and SMITH, M. C.
Spinal canal, localized enlargement of, in absence of tumour, 305
——— cord, argyrophile bodies in, 13
——— ———, arterial supply of, and its significance, 97
——— lesions, ischaemic sensory loss in patients with, 145
Spino-cortical fibres in man, 181
Status epilepticus, unusually severe lesions in brain following, 24
STEVENSON, W. A. H., *see* STRAUSS, E. B., and STEVENSON, W. A. H.
Stimuli, cutaneous thermal, reaction time to, 120
STRAUSS, E. B., and STEVENSON, W. A. H. : Use of dehydroisoandrosterone in psychiatric practice, 137
Subarachnoid haemorrhage, spontaneous, caused by choroid plexus papilloma, 134

T

TAYLOR, K. B., SMITH, H. V., and VOLLUM, R. L. : Tuberculous meningitis of acute onset, 165
TAYLOR, L. M., *see* SMITH, H. V., TAYLOR, L. M., and HUNTER, G.
Thalamus of the rabbit, projection of the midline and intralaminar nuclei of, 266
Thrombosis, internal carotid, head injury as cause of, 293
TVERDY, G., *see* BOGAERT, L. VAN, and others

V

VOLLUM, R. L., *see* TAYLOR, K. B., SMITH, H. V., and VOLLUM, R. L.

W

WANSON, M., *see* BOGAERT, L. VAN, and others
